

Privacy Policy - Terms & Condition

We inform you, in your capacity as an interested party, in accordance to the art. 13 of the European Regulation G.D.P.R. on the protection of personal data 2016/679 that the personal data you provide and those that you will provide us in the future will be treated by us according to the current legislation and registered on paper and/or electronic form, in compliance with the confidentiality obligations.

Personal data processing means any operation or set of operations, carried out even without the aid of electronic tools, concerning: collection, registration, organization, storage, consultation, processing, modification, extraction, selection, comparison, use, interconnection, blocking, communication, dissemination, deletion and destruction of data even if not recorded in a database.

1) The aforementioned personal data will be processed lawfully, correctly and transparently in accordance with articles 5 and 6 of the GDPR European Regulation 2016/679 and limited to the reciprocal obligations deriving from contractual relationships and the consequent legal obligations, as well as, to carry out an effective administrative management of existing relationships established with You. The processing will take place both through paper archives and through the use of electronic tools for which C.R. TECHNOLOGY SYSTEMS SPA has taken steps to adopt the Security Measures provided by the European Regulation 2016/679 regarding the protection of personal data and further measures to ensure that the treatment is carried out in safe conditions. The data collected will be communicated to our trusted tax consultancy firm, to companies connected to us for purposes strictly related to the contract and the service you have accepted and to fulfil legal obligations. Processing of data for this purpose is compulsory and any refusal to provide the requested data and/or not to authorize the processing of data may result in the objective impossibility for our company to observe the legal obligations and related contractual obligations;

2) Personal data may also be processed to send newsletters and advertising material and to make it aware of the new products/services that may be offered to You by our company;

3) The company name and personal data may be published and then distributed on our website or on promotional brochures as a reference;

4) Personal data may be communicated to Group companies, to Foreign Companies connected to us and to Service Companies with which C.R. TECHNOLOGY SYSTEMS SPA has a collaboration relationship for contractual, commercial, promotional and advertising purposes. C.R. TECHNOLOGY SYSTEMS SPA has verified the correct application of the GDPR European Regulation 2016/679 of these companies and the adhesion of Codes of Conduct or standard contractual clauses according to the provisions of articles 44 and 45 of the GDPR European Regulation 2016/679;

5) Use of cookies: visiting our website **www.crtsgroup.com** you can browse the pages anonymously and have access to some information without revealing your identity. In order to access the services reserved for customers, we use temporary "cookies" to allow safe browsing. The cookie consists of a reduced set of data transferred to your browser by a web server and can only be read by the server that made the transfer.

Therefore, it works as an identity card, recording passwords and user profile. This is not executable code and does not transmit viruses. Almost all browsers are initially programmed to accept cookies. You can set your browser to alert you when you receive a cookie, allowing You to choose whether to accept it or not. However, for those Web pages that require authorization, cookies are not optional. Users who choose not to receive cookies will therefore not be able to access the services reserved for customers.

Types of Cookies:

Strictly Necessary Cookies

These cookies are essential in order to enable you to move around the website and use its features, such as accessing the various secure areas of the website. Without these cookies some necessary services, such as filling out a form for a competition, cannot be provided.

Performance Cookies

These cookies collect information about how visitors use a website, which are the most visited pages, and if you receive error messages from web pages. These cookies do not collect information that identifies a visitor. All information these cookies collect is aggregated and therefore anonymous. It is only used to improve the functioning of a website. By using our website, you agree that these cookies can be installed on your device.

Cookies of functionality

Cookies allow the website to remember the choices made by the user and provide advanced, more personal features. These cookies can also be used to remember changes you have made to text size, fonts and other parts of web pages that you can customize. They can also be used to provide services that you have asked for, such as watching a video or commenting on a blog. The information these cookies collect may be can be anonymous and they cannot track your browsing activity on other websites.

Cookies profiling third parties

Third party analytic cookies are used to detect information about user behaviour. The survey takes place anonymously, in order to monitor the performance and improve the website usability. Cookies profiling third parties are used to create profiles related to users, in order to propose advertising messages in line with the choices made by users. The use of these cookies is governed by the rules established by the third parties themselves, therefore, user is invited to view the privacy policies and directions to manage or disable cookies posted on the relevant web pages.

Navigation Cookies

The computer systems and software procedures used to operate the website acquire, during their normal operation, some personal data whose transmission is implicit in the use of Internet communication protocols. This information is not collected to be associated with identified interested parties, but for those whose very nature could, through processing and association with data held by third parties, allow users to be identified. This category of data includes IP addresses or domain names of the computers used by users connecting to the site, the URL notation addresses of the requested resources, the time of the request, the method used to submit the request to the server, the file size obtained in response, the numeric code indicating the status of the response given by the server and other parameters related to the operating system and the user's computer environment. This data is used only

to obtain anonymous statistical information on the use of the website and to check its correct functioning and it is deleted immediately after processing. The data could be used to ascertain responsibility in case of hypothetical computer crimes against the website.

The following cookies are used on this site:

- "navigation" or "session" cookies (i.e cookies that are not stored permanently on the user's computer and disappear when the browser is switched off). These cookies avoid the use of other more invasive computer techniques for users and do not allow the acquisition of personal identification data of the user; You can choose at any time to disable or accept cookies by properly configuring your browser. To manage the use of cookies, select the appropriate setting on your browser.
